Allowable Subject Matter

1. Claims 53-105 are allowed.

The following is the examiner's statement of reasons for allowance.

Regarding independent **claims 53, 67, 81, 86 and 105** the prior art of record fail to teach or suggest all the combined claimed limitations with the reasons set forth in the Applicant's Remarks filed on 9/20/06. It is not obvious for one skill in the art to maximize or increase the ready timer in response to the detection of immobility of the MS since an increase of ready timer would result in an increase in power consumption of the mobile stations.
